- 2021 Miffy program featured in the famous Keukenhof Holland garden
- 2024 The Magnificent Mile Tulip was baptized by the Consul General of the Kingdom of the Netherlands in Chicago by Mr. Bart Twaalfhoven.

## DEVROOMEN GARDEN PRODUCTS

### “Celebrating 100 years and still Growing”

As we celebrate our 100th year in business, we reflect on the journey that has brought us here. The ‘De Vroomen’ family, who has owned and operated the company since its founding, takes immense pride in being a leader in the flower bulb and perennial industry. Rooted in history, our story began in the 1920s when our founder, Grandpa Jac.th. De Vroomen, started with humble beginnings and built a successful bulb growing and exporting company. Our growth has always been driven by a commitment to quality, punctual delivery, authenticity, and a willingness to embrace innovation. In the 1950s, the reins of the business were passed on to his three sons, Hugo, Ben, and Dick, who continued to expand the business. We have consistently invested in enhancing our product line, maintaining our high standards, and increasing our market share. In 2014, we introduced the Simple Pleasure brand for our independent garden center line.

Our expansion continued with the acquisition of a well-established perennial and flower bulb company in Canada. This has enabled us to enhance and broaden our grower, landscape, and independent garden center line with a wider range of products and services.

De Vroomen USA recently relocated to a spacious 80,000 sq ft facility in Gurnee, IL. This move provides us with ample room for the growth we are experiencing and allows us to store our products at the optimal temperature. Our commitment to a business plan that focuses on development, investments, research, and flexible production has proven to be a successful model for us. We strive to be a long-term partner to all our customers and suppliers.

For more information, we invite you to visit our website at [www.devroomen.com](http://www.devroomen.com) or call us at 847-395-9911. For our Canadian customers, please visit [www.devroomen.ca](http://www.devroomen.ca) or call 1-833-358-2852.

PLANTING INFORMATION

**NARCISSUS ZINZI**

For a lovely show in your spring garden plant these electrifying butterfly Daffodils. Rigid stems attain a mature height of near 14 inches / 35 cm delivering super large white flowers with semi-filled golden yellow cups orange rimmed. Buds out in mid-springtime. Loves a sunny to slightly shaded location. Glorious in a cutflower bouquet.

# DISPLAY SYSTEMS

Displays make a significant contribution to the sales success of flower bulbs. With products arranged on colour and point of sales material included, these displays create a real 'wow' factor on the shop floor!

## Saving you time and space

We have 3 display options to aid you in displaying your products and bringing attention to your store. These racks have a few great benefits:

- Space-saving, very light and easy to move around.
- Boxes easily and securely attach to the rack, making them extremely convenient.
- Free-standing displays have proven to produce a higher turn-over.
- The displays can be used to promote individual themes.

# BEES & BUTTERFLIES

Many spring-flowering bulbs are the first, welcome food source for insects. Bees, bumblebees and butterflies need pollen and nectar from early spring until late autumn. For a good health and sufficient resistance, a varied menu is very important. The Bees and Butterflies program offers this varied menu in 4 ready to use mixtures.

By planting these flower bulb mixtures in your garden or in pots on your patio or balcony, you extend the garden season with flower bulbs blooming from early spring to early summer. By doing so you help bumblebees, bees and butterflies with a good start of the season!

Size insect hotel: 18 x 11.5 x 25 cm / 7 x 4.5 x 10"  
 Size butterfly box: 9 x 9 x 8 cm / 3.5 x 3.5 x 3"  
 Size paper bag: 14 x 9 x 22 cm / 5.5 x 3.5 x 9"

## DID YOU KNOW?

The flower shape determines to which insect a flower is attractive. For example, butterflies have a long rolling tongue, which allows them to get nectar from flowers where bees and bumblebees with their shorter tongue cannot go. The flower color also plays a role. Bees and bumblebees are especially attracted to white, yellow and blue flowers. Butterflies prefer purple. Stripes and dots on the flowers act as additional signposts to the nectar.

Size insect hotels:  
18 x 11.5 x 25 cm  
7 x 4.5 x 10"

# LILY FLOWERING TULIPS

A delightful Tulip which comes from the Cottage Tulip family. Blooms resemble tall, flaring, cup-shaped lilies with gently pointed tips, with a flowering period that equals that of the Single Late Tulips. They are ideal for beds or borders. As long-lasting cut flowers, they'll add charm to any indoor bouquet.

# PARROT TULIPS

Parrot Tulips with their exotic shape, colour and design, are the largest and most spectacular of all tulips. They resemble their namesake, colourful tropical birds. Frilled and flared petals are splashed and striped with brilliant colour combinations that are unlike any other tulip. They make gorgeous cut flowers.

# FOSTERIANA TULIPS

Fosteriana Tulips are the largest, most striking of all Tulip varieties. Their large, velvety flowers bloom in early spring. The foliage is very attractive, the stem medium to long. They are among the best for perennializing and will bloom together with daffodils. In so many ways, these are simply the best tulips available! Plus they are very inexpensive!

# SPECIE (SNOW) CROCUS

Specie Crocus are a welcome addition to the giant Crocus. They are also known as Snow and Bunch Flowering Crocus. The bright colour combination, hardiness, bunch-flowering habit and early flowering make them a must in the garden. They multiply rapidly and bloom quite early to extend the crocus blooming season.

# GIANT CROCUS

Jumbo size bulbs imported from Holland. Colourful Crocus-the first sign of spring! Use them in borders or edging; in groups of a dozen or hundreds and thousands for naturalizing; in the grass, woodlands, slopes, under trees. The colours range from white, yellow and striped to lavender and deep purple.

# MARTAGON HYBRID LILIES

Martagon lilies grow well in sun but they are truly the darlings of the shade garden. They are colourful and long-lived additions to our gardens. Once established, they are like peonies in that they need not be disturbed for many years. A mature clump of martagon lilies is a horticultural show-stopper!

# ALLIUMS

Alliums flower after most other bulbs, but before most perennials! Late blooming ornamental onions, that perform excellent with early blooming perennials, such as Painted Daisies, Sweet William, Asiatic Lilies, Hosta, Peonies, Oriental Poppies, etc. Many are suitable for dried flowers; pest repellent.

  - Size: 26/28 cm

# DUTCH, DOUBLE & SPECIE AMARYLLIS

Dutch Amaryllis can make blooms that are over 20 cm across. One standard size bulb should have at least 2 stems with 4-5 blooms each. The Mammoth sizes will produce 3 stems, some with up to 6 blooms! Double Galaxy Amaryllis have the same growing qualities as our Hybrid Dutch Amaryllis, but the blooms are beautifully double, rich in colour and long-lasting. Specie Amaryllis are noted for their elegant form and floriferous blooming habit.

## INDOOR NARCISSUS

The indoor daffodil has a sweet fragrance. The bulbs can be grown in bowls with pebbles or soil, but the blooms will last longer when grown in soil. After planting the bulbs need a 10 week cold period at 9°C / 48°F. After this store the bulbs warm at 20°C / 68°F.

Multiplies quantities and sizes available on grower trays.

## miffy is Dick Bruna's best known and most popular character

Featured in more than 30 books, far more than any other character he created, miffy is loved by children all over the world. Uncomplicated and innocent, with a positive attitude, miffy instils a sense of safety and she is always open to new experiences. Children can relate to miffy and enjoy sharing her many adventures.

In the Netherlands, miffy is known as "nijntje", which derives from the Dutch word "konijntje", meaning "little bunny". This is a logical name for people who speak Dutch, however may not be so for other languages. As "nijntje" may be difficult to pronounce for non-Dutch speakers, and because there are so many different words for "bunny" in other languages, Dick Bruna's little bunny (or could say "nijntje") is simply known to all as miffy. The name does not have any special meaning however is recognizable and relatable to all (or other) languages.

## miffy with ruler in cylinder

Get the children involved! miffy includes a waxed Amaryllis bulb and a ruler so children can track its height as the Amaryllis grows.

Our handmade wax amaryllis bulb is a specially selected large size bulb that does not need water. It holds enough energy to grow and bloom. This wax bulb has an image of miffy and only needs time for the beautiful flower to come out. The growth can be measured with the miffy ruler.
