### **Hyacinths Mixed Hyacinths**

If you can't choose from all our hyacinth flower bulbs, we have a solution. If you like white, purple, pink, yellow, and blue hyacinths, choose the Mixed Hyacinths for the most complete visual effect in the spring border. De Vroomen has supplied garden centers, flower shops and nurseries with flower bulbs for almost 90 years. Order your bulk bulbs at De Vroomen and we ship your order to the USA and Canada.

### **Flowers of Hyacinths Mixed Hyacinths**

The huge blooms create a rainbow of color and outstanding fragrance. The Mixed Hyacinths are perfect for a cutting garden and make beautiful spring bouquets. Find out more about the Hyacinths Mixed.

### **About the Mixed Hyacinths**

Hyacinths form the best visual display when planted in groups. Plant the Mixed Hyacinths in groups of 6 per square feet. Plant your Hyacinths around 4-6" (10-15 cm) deep. When you plant Hyacinth bulbs, wear protective gloves. The Hyacinth bulbs have a natural defense in the fragile skin that flakes off the dry bulb. These flakes can cause irritation on the skin. Be careful when you plant the Hyacinth bulbs. When the plant has grown mature, it reaches a height of 10-12" (25-30 cm). This makes the flowers stand out in the crowd.

### **Advantages of the Mixed Hyacinths**

Mixed Hyacinths contain a beautiful assortment of colors, this makes the mix unique. Don't bother choosing between particular colors of hyacinths. Why just don't plant them all? Hyacinths are:

- Easy to grow, love a sunny spot
- Smell lovely, spread a sweet fragrance
- Are good for containers and grow well in pots, too
- Are good for forcing
